

AVIATION

Bradys' specialized Aviation team offers efficient marketing and sales promotion services, logistics management, installation, testing, commissioning and after sales services, including comprehensive repair, and operational and maintenance services during defect liability period.

The company's expertise in Government Agency Liasoning has enabled us to win tenders and execute projects for the Airports Authority of India, Delhi International Airport Ltd. and Mumbai International Airport Ltd., on behalf of our International Principals. Services provided to our Principals include the following:

- Liasoning with Government and Quasi-Government Agencies
- Managing Customer Databases
- Gathering Market Intelligence
- Supporting Engineering Services
- Supporting Software Services
- Managing and Executing Complex Projects
- Operating, Maintaining and Managing Electro-Mechanical Services at the Airport
- Tax Advisory

Besides being a leader in providing complete solutions and services to the Indian Aviation sector, the company also envisions to be a dominant player in the aviation market in neighboring countries
